

# MOONLIGHT PADDLES

If you enjoy watching the night sky and stargazing then you will love Moonlight Paddles. We will have openings on select Fridays nights throughout the summer to get out and kayak while enjoying the night sky.

The popular evening kayaking adventures will be offered July 23 and August 13th. Instructors will provide an introduction to kayaking, solo kayaks, life vests, lights, glow sticks, and paddles. Guides will assist participants along the float. You can register now for any of the paddles throughout the summer.
